EXPLORATIONS & EXCURSIONS

SNORKELLING

Cruising through the atolls gives the chance to snorkel a different reef everyday, for you to enjoy the natural wonders of the life of colourful tropical fishes that dwell among the coral gardens with morays, turtles, rays and reef sharks. To make it an enlivening adventure, the onboard Dive Instructor will guide you on the snorkelling trips and share with you his knowledge on the Maldivian reefs.

WATER SPORTS

Add a dash of thrill to your adventure by participating in your choice of motorised and non-motorised water sports activities available on board. Go kayaking round a sand bank as the sun rises, or have an exciting time with your friends and family fun-tubing. For an even more active time, practice your skills on a jet-ski perhaps with a few stunts as you whizz past, wind surf or water ski.

DIVING

The Maldives has a reputation as one of the best diving destinations of the world, with an abundance of fish, innumerable species of coral and sheer diversity of the experiences that could be enjoyed at the different dive sites. The diving facility on ARK NOBLE is PADI registered and dives will be guided by our experienced PADI certified Instructor or Dive Master. Diving is conducted from our diving tender of 50 Feet which sails together, for ease of access to reefs. The dive boat is equipped with modern dive gear, first aid equipment, DAN oxygen kit, GPS and radio communication with the cruise.

SURFING

Be it the 'jail break', 'pasta point' or the many other famous surf areas, Maldives boasts some of the best surf breaks in the world. The sister boat, sailing together with the Cruise, will drop the guests just meters away from the reef for Surfers to have a great time on the water. Due to the sailing routes and surfing requirements, ARK NOBLE does not offer Diving on Surf Cruises. Similarly Surfing is not available on Diving Cruises. Surfers shall request for a Surf Cruise at the time of the reservation together with information on gear rental if required.

NIGHT FISHING

It is absolutely not necessary to be a professional to enjoy a good catch of fish. Try your hand at Night Fishing on the reef, which is the most popular form of fishing among visitors, and you can be certain of a good catch. It requires no special gear, just bait a hook and drop the line near the reef edge. Our chefs will barbecue your catch and serve it with dinner for the freshest taste of fish there ever could be.

BIG GAME FISHING

For the more enthusiastic fishing adventurer, ARK NOBLE offers two types of speciality fishing. Big game fishing with rods, reels and lure for a catch of Yellow Fin Tuna, Sail Fish, Merlins or Wahoo depending on the monsoon. And casting on the reef for large reef fishes. It is always exciting to see a Black Jack or a Snapper leap out of the water as it grabs the lure.

As an optional item, with extra charge, ARK NOBLE offers a special Big Game Fishing Prowler speedboat of 9.5m with a maximum speed of 44 knots, fully equipped with GPS, Fish finder, Game Fishing Rods & Reels and Lures. A perfect tender, for those serious Game Fishing guests who would like to test the Maldivian waters for the larger catch.

SAND BANK PICNICS & BEACH BARBECUE

Experience unspoilt natural beauty at its best, being alone on a tiny little sand bank or a virgin island, surrounded by milky white beaches and lagoons of azure. Fulfills your hearts desires as you relax listening to the only sound of waves as they wash onto the beach with the occasional chirp of a seabird. Soak in the sun on the beach or wade in the warm clear waters, with a delectable snack or picnic lunch served.

A special of the NOBLE experience is the Beach Barbecue Dinner setup on the beach of an uninhabited island. Experience a romantic Maldivian evening with the colours of the sunset, and the NOBLE barbecue.

LOCAL ISLAND VISIT

A visit to a small inhabited island, where the population is only a few hundred at most, will show you a picture of the local culture and lifestyle. Kids strolling near the shore, playing with friends on the beach, or men and women occupied in daily chores show how simple life can be on these islands. This is also an opportunity to shop for souvenirs.

CAPITAL CITY VISIT

Male', the capital of Maldives, is a two square kilometre island that bustles with activity. Most of the Government offices and Corporate businesses of the country centred here, the economic development the country has achieved is visible on Male' in high contrast to the rest of the country. Places of interest include the 800 years old Friday Mosque, National Museum, Fish Market and the Souvenir shops.
